Fotography

To the inexperienced apparently an art of pleasure—mistake. A Camera is useful in business. It will take the pretty corners of your store, and from the pictures printers' plates may be made to illustrate your advertising. Livestock, Poultry or Pets—or a house you may want to sell to a distant prospective buyer, can be faithfully and plainly shown.

Cameras of every sort; Supplies, etc., for Beginner or Professional.

DEATH OF RODNEY DUNN.
Succumbed to Meningitis Yesterday. The Funeral Today.
Rodney Dunn, aged 10 years, the youngest son of Mr. and Mrs. T. C. Dunn, died yesterday at 1:30 p. m., from meningitis, with which disease he was suddenly stricken while attending Easter services last Sunday. Since that time the little fellow has suffered extreme pain, and all efforts to alleviate this or to save his life have proved unavailing. He was a bright and clever boy, well liked by all who knew him, and the sympathy of many friends are extended to the bereaved family in their affliction.
The funeral will occur from the family residence, on the corner of Lamar avenue and Fannin street, at 10:30 this morning. The pall bearers will be S. B. Strong, T. D. Fathaway, Sr., S. E. Tracy and Arthur Mason. Rev. H. D. Ayres will officiate, and the interment will be made in Glenwood.

PROMINENT CAPITALISTS.
Several interested in the New Telephone Company Here.
The regular meeting of the Labor Council was held last evening in Engineers' hall and a large attendance of delegates were present.
After the transaction of routine business, Mr. Sidney Westheimer was admitted and explained that he wished to express his sympathy for the Labor Council's loss in the recent fire by donating an altar for use in their new hall. The offer was accepted and a rising vote of thanks extended to him.
The council was informed of the tender of the hall by the Engineers' association. A vote of thanks was passed, and it was decided to meet regularly each Tuesday evening there until further notice.
The application for a charter of a local branch of the National Association of Theatrical Stage Employees association was unanimously endorsed. This organization will be a locally organized organization of Houston and Galveston.
Five propositions for halls were received and the matter was thoroughly discussed, when the council concluded to meet again tomorrow (Thursday) evening in Frohman hall, corner Tenth and Preston streets, when definite action will be taken in securing new halls.

"LA TOSCA" AND "FEDORA."
Blanche Walsh and Melbourne MacDowell, supported by the Melbourne MacDowell Company, will be seen at Sweeney & Coombs' opera house Thursday and Friday, April 6 and 7, matinee Friday, in a revival of Panny Davenport's great production of "La Tosca" and "Fedora." This may be looked upon as rather an important event in the city, and it is fair to presume that the sale of seats will go at a lively rate. In Sardou's play, "La Tosca," all dramatic power is brought into action, and the result is one of the most enjoyable presentations the stage has ever seen. "Fedora" is a more elaborate work, with strange physical and theatrical interest, crowded with varied, significant and effective movement, and is a perfect example of continuous dramatic suspense. Miss Davenport's fertile researches, lavian scenic embellishments, consuming and countless details of theatrical effects have stamped her as a peer of American producers, neither money nor pains having been spared to present the plays in good style and on an elaborate scale as in any other city in the country. As in all plays, the motive is simple and the situation are intensely strong. Sardou has always filled his plays with fine points, and no too fine to be lost on anybody, even in the gallery.

Coming to Texas.
George Buell of Urbana visited with friends and relatives here several days the latter part of last week. In conversation with the Republican reporter we learned that he is to move at once to Houston, Texas, where he has bought land. George has great confidence in the future of that part of Texas and thinks the opportunities for the people there are great. Cotton and hay are raised principally. Sugar manufacturing is carried on quite extensively. We wish our old friend abundant success in his new field and encourage him and his estimable family as worthy of the confidence of the people.

You Must Get

that notion out of your head that we're "high priced." It costs no more here for good, right-fitting clothes than for the other kind anywhere else. We honestly believe that we can sell you a better business suit at from \$10 to \$20.60 than you can buy in any store in town at that price. To prove our confidence and because we can't afford to be considered "too dear," we'll give you money back if you want it.

Cedar Bayou Items.
Cedar Bayou, Texas, April 3.—The public school closed Thursday, March 23. During the closing exercises were held in the evening and consisted of recitations, dialogues and music, which was rendered with credit to the pupils. A large crowd was present, the spacious hall being filled to overflowing.
This closes Prof. and Mrs. Crawford's fourth year's work as teachers. They are held in high esteem, both by children and parents.
Cedar services were held under the auspices of the Sunday school at the Methodist Episcopal church, South, in the morning. An impressive programme was rendered to a large audience.
At night Rev. B. J. Guess preached an excellent sermon on the resurrection of Jesus Christ.

Scherffus-Isaac.
The marriage of Mr. Henry Scherffus and Miss George May Isaac occurred yesterday at 6:30 p. m. at the home of the bride's father, on Fletcher street, in the 17th ward, Justice Walter placed the bride. The groom is a son of the late Henry Scherffus and both he and his bride are well known and popular in Houston.

Raw as Beef From Eczema.

Eczema is more than skin-deep. It is a disease itself, the real cause of the trouble, is in the blood, although the suffering is produced through the skin. The only way to reach the disease is through the blood.

Mr. Phil T. Jones, of Michigan, Ind., writes:

"I had Eczema thirty years, and after great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore and began to spread all over my leg. For the past six or six years I have suffered untold agony and had given up all hope of ever being free from the disease. By some of the best physicians and I have taken many blood purifiers and I finally began to take S. S. S., and after a few days I began to feel better. I knew that this was the way to the cure, and I continued to take S. S. S. until I was healed entirely. The skin became smooth, and I was cured perfectly."

Swift's Specific is superior to all other blood remedies because it cures the blood which they can not reach. It goes to the bottom—to the worst case, and will cure what other remedies have failed. It is the only remedy guaranteed to be pure and reliable.

S.S.S. For Blood

never fails to cure Eczema, Scald Head, Contagious Blood Poison, Cancer, Boils, etc. In fact, all the skin diseases can take its place.
